

A scenic view of a tropical beach. The foreground shows the calm, blue-green water of the ocean. A wide, sandy beach stretches across the middle ground, with a few people sitting on it. Behind the beach is a dense line of tall palm trees and lush greenery. In the background, several white buildings with green roofs are visible, nestled among the trees. The sky is a clear, light blue.

TRAVEL RECOMMENDATIONS

TRAVEL RECOMMENDATIONS

**IF YOU ARE GOING TO TRAVEL TO USA OR CANADA SOON,
YOU MUST PRESENT YOUR NEGATIVE COVID - 19 TEST
3 DAYS BEFORE YOUR FLIGHT**

The Acapulco Tourism Board recommends you to follow the next steps:

1 All travelers to USA over 2 years of age must undergo the PCR or antigen test.

All travelers to Canada over 5 years of age must undergo the PCR test.

Both countries require these tests 3 days (72 hours) before their flight departure date.

NOTE: If you are traveling to other countries, we recommend you to consult the implemented restrictions by their Governments.

2 Here we present the places where you can take the test safely, quickly and reliably.

PRIVATE LABORATORY	TELEPHONE	PCR TEST	ANTIGEN TEST	ADDRESS
